

GATEWAY SEMINARY

Biblical • Missional • Global

Spring 2018

Dear Southern Baptists,

Gateway Seminary of the Southern Baptist Convention is now fully operational at two new campus locations in California. Our primary campus is open in Ontario and several hundred students are taking classes in the building, by live video-conference from classes originating in the building, and in our online program headquartered in the facility. The state-of-the-art educational technology we have in place is making all this work well to serve the global Gateway family.

Our new campus in Fremont continues our historic commitment to train leaders in the San Francisco Bay Area. This campus has all the technological advances of the primary campus. With several full-time residential faculty and an on-site research library - the campus is equipped to provide excellent theological education and ministerial training for students across Northern California.

We also continue to offer full degree programs at our campuses in Arizona, Colorado, and Washington – as well as offering four full degrees through our online program. Our Advance Program of Contextualized Leadership Development operates more than 60 training centers in about a dozen languages across the United States.

In the past year, the seminary has launched several new initiatives. We have started a new Chinese-English bilingual program, offering two masters degrees as well as the Doctor of Ministry degree. This program - offered face-to-face and through video-conferencing - will enable us to train Chinese leaders for global ministry. We are grateful for a significant gift which made this program possible.

We have also reformatted and expanded our Women's Ministry training to include both masters-level courses as well as a national Women's Mentoring Network. This network combines webinars and phone mentors to serve women in ministry leadership or women married to men in ministry leadership roles. We have targeted women in remote locations as the primary participants in the network, but welcome anyone who wants to enroll.

Gateway has recently established two new academic partnerships. We have initiated a new partnership with the Singapore Baptist Seminary, enabling us to expand our reach in Asia. We have also agreed to be the West Coast partner with the Jonathan Edwards Center at Yale University. This relationship will make our Ontario Campus a nerve-center for the study of the man many call America's premier theologian.

Thank you Southern Baptists for your consistent support. We appreciate the way you pray for us, continue to send us students, and undergird our work by your gifts through the Cooperative Program. We continue to serve you in the Western United States - shaping leaders who advance God's kingdom around the world.

With gratitude,

Jeff Iorg
President
